application, reconsideration is respectfully requested.

IN THE CLAIMS

Please cancel Claims 41-87 without prejudice and insert therefor the following new
claims:

NE
88. (New) A drug targeting system for administration to a mammal, comprising:
a) nanoparticles made of a polymeric material, said nanoparticles being free of a
surfactant surface coating and comprising said polymeric material, one or more
physiologically effective substances to be delivered to said mammal, and one or more
stabilizers for said nanoparticles for effecting targeting of said one or more physiologically
